Ingredients: Water, isohexadecane, butyrospermum parkii, pentylene glycol, ethylhexyl palmitate, glycyrrhetic acid, cera alba, peg-30 dipolyhydroxystearate, bisabolol, polyglyceryl-6 polyricinoleate, tocopheryl acetate (antioxidant), hydrogenated castor oil, sodium hyaluronate, nylon 12, butylene glycol, magnesium sulfate, piroctone olamine, allantoin, magnesium stearate, disodium EDTA, vitis vinifera, ascorbyl tetraisopalmitate, propyl gallate, and telmesteine

Contents: 75 mL per tube

Therapeutic Group: Xclair Cream is formulated for symptom relief in radiation dermatitis.

Indications: Xclair Cream is indicated to manage and relieve the burning, itching, and pain experienced with radiation dermatitis. Xclair Cream may be used to relieve the pain of first- and second-degree burns.

Contraindications: Xclair Cream is contraindicated in patients with a known history of hypersensitivity to any of the ingredients.

Special Precautions for Use: Xclair Cream contains a nut oil, and patients with a known allergy to nuts or nut oils should consult their physician before using this topical preparation.

Warning: Federal law restricts Xclair Cream to sale by, or on the order of, a physician or properly licensed practitioner.

Interactions: There are no known interactions between Xclair Cream and any medicinal or other products.

Directions for Use: Apply Xclair Cream to the affected skin areas 3 times per day (or as needed), and massage gently into the skin. If the skin is broken, cover the affected area with a sterile dressing after application of Xclair Cream.

Storage: Store at room temperature. KEEP OUT OF REACH OF CHILDREN.
